A wonderful, rural and varied county offering something for everyone.

The Bath and Wiltshire Group of Farm Stay UK, are an association comprising owners of holiday accommodation working together to welcome business people and tourists alike. We provide excellent quality accommodation either on working farms or in country properties and offer a helpful referral system within the group. We offer Bed and Breakfast and Self Catering holidays all year round with exceptional value for money and the unique taste of country living at its best.

Pride is taken with our VisitBritain and AA inspected accommodation. Many properties are the recipients of awards. All have high standards, excellent facilities, quality of service, cleanliness and courtesy, perfect for

country breaks, business trips or a longer stay. Owners live on or near their premises so offer a warm and personal welcome as you arrive and their local knowledge is available to you throughout your stay. Enjoy fresh air, fine views, real home cooking using home produce where possible and that special sense of well being that countrylife can bring.

As members of the national cooperative (Farm Stay UK), we are pleased to be in a unique and strategic position in the beautiful Wiltshire countryside with rural views and wildlife nearby yet with excellent links to the motorways. Many members of the Group permit guests to walk across their farmland to explore the local countryside. An added bonus is the peace and tranquillity of most locations and the space and security of parking.

Access to Wiltshire couldn't be easier. By road M4 and M5. Rail – main stations at Bath and Chippenham. Air – international airports at Bristol, Cardiff and Birmingham. Heathrow, Gatwick and London are all within 2 hours drive.

Spend some quality time in this glorious part of the country, and enjoy real farmhouse hospitality. To make enquiries and reservations, please contact members directly or look at the group website. You will be glad you did.

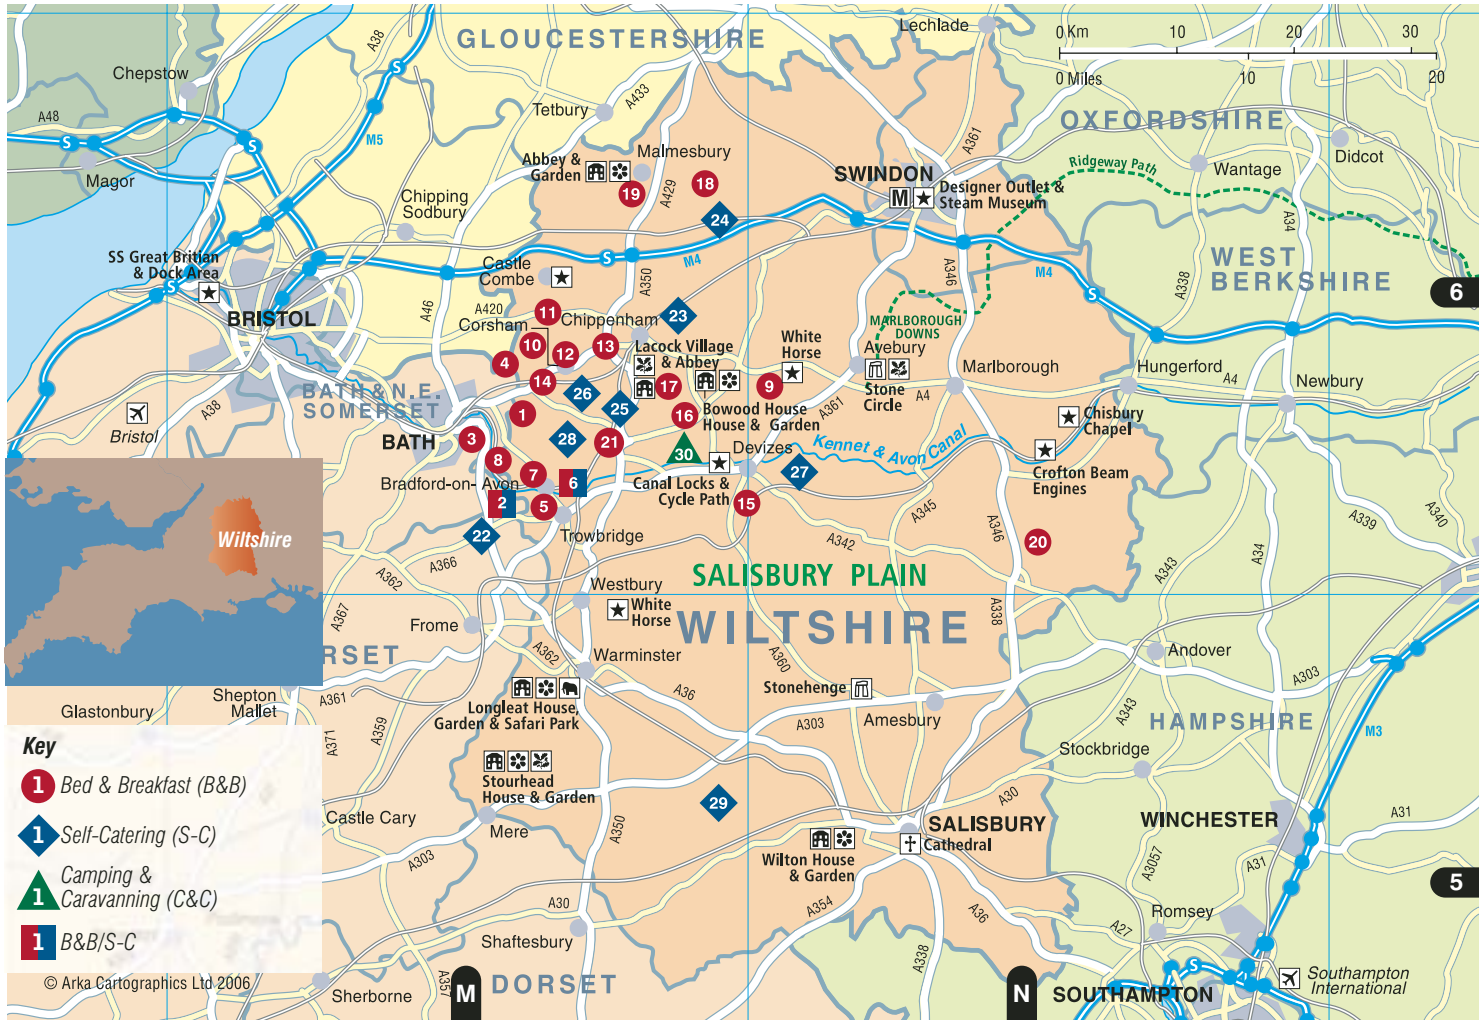

Set in the midst of peaceful downland, Wiltshire is rich in historic interest with Avebury, Silbury Hill and Stonehenge standing out against the rolling green of Salisbury plain.

Look out too, for mysterious chalk horses cut into the hillsides. Spreading from the Cotswolds and Swindon in the north to the cathedral city of Salisbury in the south west, the county has some of the most beautiful canal side walks and cycling countryside in the UK.

Walk the ancient Ridgeway Path or explore some magnificent historic homes – Longleat, Bowood House and Corsham Court. Charming villages such as Castle Combe and Lacock are worth seeking out. Once here, you'll soon appreciate why much of Wiltshire is designated an area of outstanding natural beauty.
